# P'Tach's Essence Cafe

February 6, 2010

*We are positive about P'TACH.  
You should be too.*

The Dr. Oscar A. and Bernice Novick P'TACH program was established over thirty years ago to provide a torah education to all children.

P'TACH provides a superior educational program for Jewish children in our community challenged by learning differences.

Every child enrolled in the P'TACH program is mainstreamed and integrated with their peers.

The P'TACH staff collaborate with the supportive and dedicated staff at Arie Crown Hebrew Day School and Joan Dachs Bais Yaakov.

This is where students find success that shapes and helps them to become productive Jewish members of society.
